

Welcome Home Packages Donation Drive

Throughout our 30-year history of serving homeless and low-income individuals and families in Howard County, we have found that affording the most basic household necessities is often a significant challenge for our clients whose budgets are stretched to the limit. **In efforts to protect the stability of our newly rehoused clients, we started a donation drive! Please have an immediate & tangible impact on our community members who have been recently rehoused by purchasing any of the suggested items below.**

Suggested household items:
